Summary

With 3+ years of software development experience at Altimetrik India, I specialize in building high-performance, responsive web applications using JavaScript (ES6+), React, and TypeScript. I am skilled in state management with Redux and React Context API, and practice test-driven development with Jest and React Testing Library to ensure code reliability. I focus on optimizing component lifecycle methods for enhanced performance and scalability.

Experience

Altimetrik 🌐

(Bengaluru, Karnataka)

Associate Software Engineer

Jan 2022 - Present

- Talent Central Platform (*Feb 2024 - Present*)

- Spearheaded the development of the Talent Central Platform from **scratch**, delivering a dynamic and responsive UI with efficient state management **using Redux, ReactJS, and AntD**.
- Developed clean, efficient, and reusable optimized code, integrating front-end components with backend services through REST APIs in **JavaScript, TypeScript**.
- Collaborated with cross-functional teams to deliver high-quality software solutions, driving improvements in employee management, talent pool tracking, and job proposal functionalities.

- Putnam Investment (*Jan 2022 - Jan 2024*)

- Created an optimized responsive Interface from **scratch**, enhancing performance and user experience using **TypeScript, JavaScript (ES6+), React.js, and Redux**.
- Integrated RESTful APIs with backend teams, resulting in a **30%** improvement in data retrieval speed, ensuring seamless functionality and user experience using JavaScript and TypeScript.
- I actively addressed post-launch bugs, demonstrating my ability to identify the root causes of the majority of issues which results in Improved app performance and increment of **23%** in code coverage through code optimization, reducing load times and boosting resource efficiency.
- Conducted comprehensive testing with **Jest, React Testing Library and Postman** and utilized **SonarQube** for **100% code Quality** to ensure component reliability, smooth API integration, and minimize production bugs.
- Actively engaged in code reviews and **Agile** team collaborations, achieving a **100%** on-time delivery of project milestones over the last three quarters, while maintaining high software quality standards.

Ranavaj Power Sol. Pvt. Ltd.

(Noida)

Software Developer Intern

Apr 2021 - Jul 2021

- Co-designed and developed a hybrid application from **scratch** using **Dart and Flutter**, optimizing cross-platform performance to achieve a **20%** reduction in load times and a **15%** increase in user satisfaction ratings.
- Conducted over 50 code reviews and debugging sessions, collaborating closely with team members to meet project goals, which resulted in a **25%** decrease in post-deployment bugs.

Open Source Contribution

Lyamii 🌐

(Bengaluru, Karnataka)

Frontend Developer

Dec 2023 - Jun 2024

- Developed and maintained the Lyamii tour and travel Application from **scratch** with an interactive interface in **React.js and TypeScript**, which led to **20%** increase in user engagement and **5%** boost in bookings within the first quarter of launch.
- Utilized state management libraries and integrated **Razorpay Payment Gateway** solutions, enhancing app functionality and facilitating a **30%** increase in successful transactions [**Redux, React Router and Bootstrap**].
- Collaborated with backend developers to seamlessly integrate Java APIs, resulting in a **20%** increase in data synchronization efficiency and streamlined processes.

Project

BookOcean 🌐 *React.js, Bootstrap, JavaScript, Html, Css, Scss*

Dec 2020 - Aug 2021

Technical Skills

Languages : Java, JavaScript (ES6+), TypeScript, GraphQL, HTML, CSS

Frameworks and Libraries: React, Redux, Angular, Bootstrap, React Bootstrap, AntD, Jest, React Testing Library

Tools: Visual Studio Code, Git, Postman

Others: Agile, Debugging

Awards and Certifications

- **1 Pat-On-The-Back Award , 3 Cheers Award , 1 Kudos Award** — Altimetrik India
- **Certification in Testing React with Jest and React Testing Library** — Jest and React Testing Library

Education

K.S.V.C.E.M (A.K.T.U) with 7.9 CGPA

Sep. 2018 – May 2021

B-Tech(Computer Science And Engineering

UP, India
